Reflection questions for individuals or small groups

Today's Discussion Topics: Hatred

1. Can lack of fellowship and the lack of opportunity and place for people to engage in warmth and genuineness be a contributing factor to the germination of hatred?
2. What does Thurman mean when he says the logic of the strong-weak relationship places all moral judgment out of bounds?
3. 3. What did Jesus understand about feelings of hate among the oppressed? Is this why he counseled us to love our enemies?
4. This is a time of social distancing and self-quarantine. Write a short essay that describes how you are feeling. What is your personal commitment to the Gospel of Jesus Christ and how might your concern for the poor inform your sense of call and purpose in this age of COVID-19?
